Volume 9 (2015) of the Journal of Qualitative Research in Sports Studies (JQRSS) comprises papers from first-time authors alongside more experienced writers, all wishing to share their ideas stemming from primary research or through critical discussion articles. A thematic trend across papers in JQRSS volume 9 is the notable presence of people in the research; their voices which can almost be heard through the writing. This is achieved through a narrative style, integrating dialogue to present and analyse data. In a few papers this is supplemented with images.
