## **New Dawn** Attila Orosz

A man is running for his life. An army is deployed to hunt him down. He has no right to be there. He has no right to live. He is not considered human.

A man is on a mission. He is looking for the hunted, for those denied humanity. He is trying to save them, to deliver them to safety, to give them a chance of life. But can he succeed?

The year is 2058. The world's powers have been stabilised, the citizens of the newly formed super-states are safe, living in peace. But safety is a privilege of the fortunate few. For those, born on the wrong side of The Wall surrounding the United States of Europe, peace must be paid for; and the price is higher than ever before.

When fate brings the two men together, they struggle against time, hostile forces, their own prejudices and each other, towards a conclusion, neither of them would have thought possible.
