The Spiritual Society: What Lurks Beyond Postmodernism? Frederic W. Baue

In recent decades, American Christians have been subjected to a series of different worldviews, all of them hostile to biblical faith. And there are clear signs that a cultural shift is again taking place, bringing in a system that is religious in outlook, though by no means Christian. Frederic Baue describes this newly emerging worldview and recommends an appropriate response for the church. Applying insights from great thinkers and carefully observing cultural shifts, he presents a glimpse of the future to help prepare God's people for the challenges that are to come.
