Affirmations don't work for most people. Why?

Because most people think that it's the words that make Affirmations work. But it's not. It's what the Affirmation does inside you and how it affects your subconscious mind in a way that unleashes the creative power in you. People who rave about Affirmations know that but most of them can't really explain how to make them work, what exact steps to take and how to guarantee Affirmations do what you want them to do every time like clockwork. So the promise of this book is to show you a way to not only manifest 1000\$ whenever you want but to improve every area of your life like relationships and health goals by using the incredible power of Affirmations.
