Grails in Action Glen Smith, Peter Ledbrook

For web developers used to wrestling with Java and XML, Grails is a breath of fresh air. Developers are instantly productive, picking up all the benefits of the Ruby-based Rails framework without giving up any of the power of Java.

Grails in Action is a comprehensive look at Grails for Java developers. It covers the nuts and bolts of the core Grails components and is jam-packed with tutorials, techniques, and insights from the trenches.

The book starts with an overview of Grails and how it can help you get your web dev mojo back. Then it walks readers through a Twitter-style social networking app-built in Grails, of course-where they implement high-interest features like mashups, AJAX/JSON, animation effects, full text search, rounded corners, and lots of visual goodness. The book also covers using Grails with existing Java technology, like Spring, Hibernate, and EJBs.

Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book.

From reader reviews:

Kimi Frantz:

Do you have favorite book? When you have, what is your favorite's book? Guide is very important thing for us to understand everything in the world. Each e-book has different aim or maybe goal; it means that guide has different type. Some people truly feel enjoy to spend their time and energy to read a book. They are reading whatever they get because their hobby is reading a book. Consider the person who don't like studying a book? Sometime, person feel need book once they found difficult problem as well as exercise. Well, probably you will need this Grails in Action.

Carolyn Livingston:

Reading a book to get new life style in this year; every people loves to study a book. When you read a book you can get a large amount of benefit. When you read publications, you can improve your knowledge, simply because book has a lot of information upon it. The information that you will get depend on what types of book that you have read. If you would like get information about your study, you can read education books, but if you want to entertain yourself look for a fiction books, such us novel, comics, along with soon. The Grails in Action provide you with new experience in reading a book.

Kurt Hooper:

In this time globalization it is important to someone to receive information. The information will make a professional understand the condition of the world. The fitness of the world makes the information simpler to share. You can find a lot of sources to get information example: internet, paper, book, and soon. You can see that now, a lot of publisher in which print many kinds of book. Often the book that recommended to your account is Grails in Action this publication consist a lot of the information of the condition of this world now. That book was represented how does the world has grown up. The language styles that writer use to explain it is easy to understand. The actual writer made some research when he makes this book. Honestly, that is why this book suitable all of you.

Lisa Cook:

Is it you actually who having spare time in that case spend it whole day by watching television programs or just lying on the bed? Do you need something totally new? This Grails in Action can be the response, oh how comes? The new book you know. You are and so out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these textbooks have than the others?
