Steve Russo's book advises those who are planning a visit to Disney World to savor the small moments-at Disney, a series of little moments can stream together to make one great memory. And those memories will last a lifetime. Unfortunately, planning a Disney World vacation can be quite involved and probably more than a little overwhelming. The tack taken in this book is a bit different than most; by offering experience and wisdom it will make planning your next Disney vacation a bit less stressful and, hopefully, will entertain you in the process. As Russo says, the months of planning and reliving the trip are just as much a part of your Disney experience as the trip itself.
