## **The Jacobites: Britain and Europe 1688-1788 (New Frontiers in History MUP)** Daniel Szechi

This work provides a pan-European survey of the Jacobite phenomenon. It examines Jacobitism in all three kingdoms - and offers an interpretation of the impact of the Jacobites on the history of Britain and Europe. This book also provides a survey of the debates that still surround the subject and acquaints the student with the most recent writing and research. Szechi explains what Jacobitism was and what it did. He then goes on to examine who the Jacobites were, particularly focusing on their socio-economic status, social networks and religious affiliations. He also looks in detail at the ideology of Jacobitism and the rediscovered voice of popular Jacobitism. Additionally, such areas as the Irish dimension and the Jacobite diaspora are explored. This textbook aims to lead students clearly and thoroughly through one of the most complex subjects in 18th century history.
