Accidental Inventions: The Chance Discoveries That Changed Our Lives Birgit Krols

It's hard to imagine a world without Coca-Cola, Post-its, or Velcro, but have you ever stopped to wonder how and when these items came to be? *Accidental Inventions* reveals the fascinating stories behind the toys, foods, gadgets, and tools we now consider indispensable. From peanut butter to penicillin, roller skates to radioactivity, dozens of essential inventions are spotlighted.

Fully illustrated with over 240 photos, *Accidental Inventions* traces the path from inception to "ah ha!" for more than 60 products, and introduces the cast of clever, hardworking inventors behind them. Engaging narrative and colorful design make these stories accessible to readers of all ages, illuminating the happy collision of accident and inspiration that would profoundly change our lives.

The Enjoyable blend here cannot be questionable, similar to treasuring beautiful island. Use you still want to miss the item? Find this book along with read it from today!

Anthony Perez:

As a scholar exactly feel bored in order to reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just tiny students that has reading's heart or real their pastime. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that looking at is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Accidental Inventions: The Chance Discoveries That Changed Our Lives can make you feel more interested to read.
