Filled with practical insights and richly illustrated with true stories, *Covenant Hearts* shows that by living the Christlike life of the Good Shepherd (who will not flee when the wolf comes), husbands and wives will find and give to each other the abundant life of authentic joy. Other books may offer marital counseling tips, but no other book delves as deeply into the big picture of why marriage is so central to both personal growth and the health of society. The author explains that we are witnessing the biggest cultural shift of attitudes about family life in five centuries. This remarkable collapse of marriage is inflicting toxic damage on children, parents, and society. And "when a confused culture confuses us about what marriage means" writes Elder Hafen, "we may give up on ourselves and each other much too soon. Yet an eternal perspective can help us transcend the modern chaos, until our marriage becomes the most satisfying and sanctifying and the most demanding experience of our lives." We may begin by marrying mostly for comfort, but uncomfortable opposition always follows. *Covenant Hearts* teaches ways to learn from working through our natural problems rather than fleeing from them. Then our marriage will bring us joy a much higher form of comfort. At that level, marriage mysteriously empowers personal growth and fullness, now and forever.
