My Bridge Over the River Kwai: A Thriller J.H. Allen

On September 22, 1979, in an empty stretch of the southern ocean, a nuclear bomb exploded. In spite of being recorded by U.S. spy satellites, the event never gained world attention. Nor has it ever been explained. To this day, no country has acknowledged responsibility for the explosion. (More information, search using “Vela Incident”)

My Bridge over the River Kwai is a fictional account chronicling how the VELA Incident might have come to pass. Historically accurate, it begins in 1972 with our hero, Dr. Anthony DeNoble, professor of physics at the American University of Beirut in Lebanon, enjoying a carefree, expatriate life in the city known as the Paris of the Mediterranean. Young and handsome, Dr. DeNoble is oblivious to the storm clouds gathering above this troubled land as the Lebanese Civil War looms on the horizon. When kidnapped by a ruthless PLO terrorist just prior to the war’s outbreak, these clouds come crashing down on Tony and his world changes forever.

Beaten and demeaned by his captors, seduced by the beautiful camp doctor, and mentored by the ghost of Robert J. Oppenheimer, Tony finds himself responsible for a seemingly impossible task. He must build a nuclear bomb for his ruthless master in a backward laboratory hidden in Lebanon’s war-torn countryside. Anything short of success and Tony’s life will be forfeit.

His single-minded desire to stay alive carries him forward and with generous help from his mentor, the bomb is successfully completed. It is only then that Tony is told the diabolical target of his creation is New York City. Devastated by the knowledge, Tony realizes he is the only one who can put a stop to the madness and prevent the slaughter of so many innocent lives. He resolves to thwart his captor’s plans in an ultimate, heroic act. Culminating in the actual September 22, 1979 nuclear explosion off the coast of South Africa, My Bridge over the River Kwai chronicles Tony’s odyssey from his carefree life in Beirut to his heroic act on the storm-tossed waters of the South Atlantic.

Earl Quintana:

With this era which is the greater particular person or who has ability to do something more are more valuable than other. Do you want to become among it? It is just simple solution to have that. What you must do is just spending your time little but quite enough to experience a look at some books. One of many books in the top collection in your reading list is My Bridge Over the River Kwai: A Thriller. This book and that is qualified as The Hungry Hillside can get you closer in growing to be precious person. By looking upwards and review this publication you can get many advantages.

Kurt Bohnert:

As a scholar exactly feel bored for you to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's internal or real their interest. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that studying is not important, boring along with can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this My Bridge Over the River Kwai: A Thriller can make you really feel more interested to read.
