How many people have earned the wrath of Allah as a result of misuse of their tongues? How many injuries that may never heal have been inflicted through the careless slips of the tongue? The Messenger of Allah said:

"Indeed, the servant will speak words that are pleasing to Allah, due to which he will be given a condition in which Allah will raise him many levels. And indeed, the servant will speak words that are displeasing to Allah, due to which he will not be given a good condition, but (instead) be thrown into the Hell fire." (Bukhari)

This book highlights those sins that seem so light on the tongue yet so grave on the scale and offers practical advice on how to keep the tongue in check.
