This ten-volume series is a complete pictorial rendition of China's foremost historical novel Romance of the Three Kingdoms. The classic by Ming Dynasty writer Luo Guanzhong is based on the history of the Three Kingdoms when the states of Wei, Shu and Wu emerged from the remnants of the Han Dynasty and began to fight for power and sovereignty. It vividly depicts a series of famous battles and hundreds of historical characters in one of the most turbulent periods in China's long history. Though these exciting episodes happened more than 1,700 years ago, they are still remembered and loved by the Chinese. The popularity of the book has remained throughout the centuries and is part of China's cultural heritage. The novel has also been rendered in the performing arts as well as other literary forms. // Romance of the Three Kingdoms was written by Luo Guanzhong in the 14th century. It is a historical novel set in the turbulent years at the end of the Han Dynasty and starts in about 169 AD and ends with the reunification of China in 280 AD. The story is part history, part legend, and part myth. The original novel contains nearly a thousand characters but the focus is mainly on the three power blocs that emerged from the remnants of the Han Dynasty and would eventually form the three states of Cao Wei, Shu Han, and Eastern Wu. The story deals with the plots, personal and army battles, intrigues, and struggles of these states to achieve dominance for almost 100 years. Romance of the Three Kingdoms is one of the great classics of Chinese literature. It has spawned countless computer games - most obviously the Romance of the Three Kingdoms series, but also Dynasty Wars and Heroes of the Three Kingdoms and has been filmed as Red Cliff and Battle Vixens. /// This is a great product sourced from BIML - Bible In My Language, the leader in foreign language Bibles and outreach materials from Baltimore, Maryland in the USA.
