The Red Thumb Mark: A Dr. John Thorndyke Story R. Austin Freeman

Before "Bones", before "CSI", before "Quincy,M.E." there was Dr. John Thorndyke. In The Red Thumb Mark valuable diamonds are missing and the thumb print of Reuben Hornby is discovered in a drop of blood on a paper at the bottom of the safe. The experts of Scotland Yard are all in agreement. It would seem an open and shut case. Or is it? For reasons known only to himself, Dr. John Thorndyke has doubts about the authenticity and origins of the evidence. Now he must make his case in open court using the latest techniques of Edwardian science to prove the innocence of a young man. Will he succeed, or will the case of "The Red Thumb Mark" prove to be not only his first, but his last case. This classic book was edited and published by Resurrected Press. Resurrected Press is dedicated to bringing high quality classic books back to the readers who enjoy them. These are not scanned versions of the originals, but, rather, quality checked and edited books meant to be enjoyed! Please search Amazon for "Resurrected Press" to find both print and Kindle editions of all of our books, or visit ResurrectedPress.com!
