Belief, Doubt, and Fanaticism: Is It Essential to Have Something to Believe In? (Osho Life Essentials)

Osho

In *Belief, Doubt, and Fanaticism*, Osho brings his unique and often surprising perspective to the religious, political, social and economic forces that drive people into opposing camps, fanatical groups, and belief systems that depend on seeing every "other" as the "enemy." As always, the focus is first and foremost on the individual psyche and consciousness, to identify the root causes and hidden demons of our human need to belong and have something to "believe in."

The Osho Life Essentials series focuses on the most important questions in the life of the individual. Each volume contains timeless and always-contemporary investigations and discussions into questions vital to our personal search for meaning and purpose. The Osho Life Essentials series focuses on questions specific to our inner life and quality of existence, for example: Is it possible to have an authentic spirituality without a belief in God? What is meditation and how does it work? What can I do as an individual to make the world a better place?
