Then, in what feels like an instant, the young couple's dream life shatters when Kevin is paralyzed after a brain hemorrhage and they are both diagnosed with late--stage cancers. At 35 years old, they are devastated to learn there is little hope they will see their baby's next birthday.

Take an amazing and inspiring journey with this young couple who refuse to accept the grim diagnosis when their world comes crashing down around them. Instead, they choose to live. And together, miraculously, they beat all the odds--Kevin is walking again and they both are cancer free ten years later.
