## **Adolf Hitler: Mein Kampf** Adolf Hitler

In 1922, just four years after the war to end all wars, an unknown Austrian then living in Bavaria planned a pamphlet to be called Settling Accounts. In it he intended to attack the ineffectiveness of the dominant political parties in Germany which were opposed to the new National Socialists (Nazis). In November 1923, Adolf Hitler was jailed for the abortive Munich Beer Hall putsch along with men willing and able to assist him with his writing. With the help of these collaborators, chief among them Rudolf Hess, the pamphlet became a book. When Mein Kampf was published in 1925, it was a failure. In 1926 a second volume appeared - it was no more successful than the first. . As Hitler's power increased, pressure was put on all party members to buy the book. Gradually this pressure was extended to all elements of the German population. Soon Mein Kampf was even being passed out to newlywed couples as a gift. Ironically, and frighteningly, by the time Hitler came to power on January 30, 1933, what has been considered by many to be the most satanic book ever written was running neck and neck with the Bible at the top of the German bestseller lists. In his excellent introduction to this definitive American translation of Mein Kampf, Mein Kampf is a blueprint for the age of chaos. It transcends in historical importance any other book of the present generation. In his translation Ralph Manheim has taken particular care to give an exact English equivalent of Hitler's highly individual, and often awkward style. We believe this book should stand as the complete, final, and definitive English version of Hitler's own story of his life, his political philosophy, and his thwarted plans for world domination. Translated by Ralph Manheim . A compilation of Hitler's most famous prison writings of 1923--the bible of National Socialism and the blueprint for the Third Reich.
