The Last Stand: Northern Europe

Over four years photographer Marc Wilson travelled to 143 locations along the coastlines of the UK, The Channel Islands, Northern & Western France, Denmark, Belgium and Norway to capture the photographs making up his new book *The Last Stand*. *The Last Stand* documents the physical remnants of war in the 20th century in the UK and Northern Europe. By photographing remaining man-made military defence structures situated around their coastal areas, which now sit silently in the landscape, imbued with recent history, Wilson has created a permanent photographic record of the past.
