The Sea Scout Manual: Sixth Edition Boy Scouts of America

In this manual you are going to read the story of man's conquest of the sea...a conquest not by fire and sword but by courage, endurance, persistence, and faith. It is a story ringing with the courageous spirits of the brave men of the sea. Step by Step as you travel along the seaways of Sea Scouting you follow the routes of those early sailors and skippers. Like them, you will learn to row before you learn to sail...to handle small boats before you handle large ones...to tie the sea knots before hoisting the sails...to be a worthy crew member before becoming an officer...
