Why Men Behave like Apes in Relationships - The Truth about his weird behavior, fear of commitment and sudden loss of interest Brian Keephimattracted

Learn What Every Man Wants in a Woman.

Men are weird and can behave like apes. A man can change his mind overnight and lose interest, just like that. I wrote this book to share the hard truth with you, so you can 'see' and understand why he does what he does.

You'll learn:

- What goes on inside a man's mind...and how attraction works for him
- The **7 dangerous mistakes** most women make with men
- How you can use his "animal brain" to **create natural and lasting attraction**
- What **makes men cheat** or look at other women
- The 3 characteristics every man looks for in a woman
- How to make him think "**she's mine, I want her!**"
- The **one big mistake** that instantly makes him **lose physical attraction**
- What makes men seem **emotionally unavailable**
- The crucial difference between emotional and physical attraction
- and much more.

Are you ready to go inside the male mind?
