## **Engagement** Darrell Smucker

A novel based on actual events which combines fantasy and truth. What happens when something unseen suddenly begins trying to kill your family? When your whole world explodes into a dark nightmare and you have no idea what's going on? This happens to Jeff, Lisa and their two children. Suddenly thrust into a terrifying experience they never thought possible; they must face what at first is thought to be serious medical issues and turns out to be vastly more sinister and deadly. There is good and evil which is far more real and personal than most people understand. Jeff and his family are lead on an eye opening and mind blowing journey across time and space, through parallel dimensions to understand and engage the great evil which is seeking to destroy them, and all humanity. Along the way they come to understand a far deeper truth and greater reality than they had ever imagined. The war of the worlds is not fiction, it's real!
