*"I think you're forgetting something, Adder," said Badger. "Before we begin our journey we all swore an oath, including you."*

Farthing Wood is being bulldozed and a drought means the animals no longer have anywhere to live or drink. Fox, Badger, Toad, Tawny Owl, Mole, and the other animals band together and leave their ancestral home and set off to move to a far-away nature reserve. The animals must unite in adversity. This is a story about tolerance, and cooperation. Both heart-wrenching and heart-warming, this classic story continues to appeal and capture children's imaginations.
