Follow the Greek gods, goddesses, mythical creatures, amazon warriors, soothsayers and cursed knights, on an adventure of magic, power, and passion. (This set has previously been seen as the Ancient Warriors and Lovers collection, but has had a new book added.) This is paranormal romance.

The Oracle of Delphi

Demi-god, Perseus, needs to kill and bring back the head of Medusa in order to save his mother's life. He goes to the cave of the Oracle of Delphi to ask where to find the Gorgon, and instead finds the princess, Lysandra, sitting atop the oracle's tripod chair above the pit of knowledge trying to get him to save her from being sacrificed to a sea serpent.

Shadows of doubt linger, and it is certain someone will lose their life with one wrong choice.

Kyros' Secret

The goddess, Thera, daughter of Ares and Aphrodite, has lost her powers and is being used as a pawn in her father's war against the Centaur race.

Kyros, second son of a deceased king, has been cursed by Ares. By day he's a man, but by night he's a feared centaur. When he dives in front of Ares' beam to save a beautiful girl, he unknowingly interrupts a plan in progress and ends up fathering the woman's unborn baby.

A heroic act brings them together, but will his dark secret tear them apart?

The Pandora Curse

Vara the Conqueror has claimed Corinth as well as the title of queen. Controlled by the Furies in her head, she is plagued by the mistake of her great-grandmother, Pandora. Now she is ruled by greed, anger, gluttony, envy and lust.

Nikolai, son of Hera, is a soothsayer - able to see the future. He's been sent by Hera on a vengeful mission against Zeus, with Hera's shapeshifting minion along to see that he does his job. He must collect the vices in secret from Vara, so he secures a job as advisor to the queen.

Will Vara willingly give up everything that has made her the woman she is, or will Nikolai be defeated going up against the headstrong woman afflicted by the curse of all mankind?

Thief of Olympus

Lysandra, an Amazon Princess, will never surrender her heart to a mere man. At her coming of age

ceremony, her mother chooses a king to sire her child. Now she only hopes for the stronger of the genders - a girl.

Zarek, king of Thrace, is better known for his past profession of being a thief. When their baby is taken by Artemis, they are paired against each other in a twisted challenge. One contestant will win. One kingdom or tribe will die. Unless the Thief of Olympus can steal back from the gods the most precious gift of all.

The Legacy of the Blade Prequel

This is the prequel to the Legacy of the Blade Series, seen through the eyes of Lord Corbett Blake as a child. Being raised by a sorcerer instead of being trained as a knight, Corbett lives through many mishaps - and foreshadowing of his siblings and their stories is seen.

Books in the series but not included in this boxed set: Lord of the Blade, Lady Renegade, Lord of Illusion, Lady of the Mist.

The Daughters of the Dagger Prequel

This is the prequel to the Daughters of the Dagger Series. The baroness, Lady Mirabelle de Burgh, is desperate to conceive children, and listens to an old superstition, heading down Grope Lane to buy jeweled daggers from a blind old hag. One child will be born for each dagger bought - but things don't go as planned when she tries to steal a fifth dagger.
