*Starting the morning right...*

Barbie's co-workers are all happy to use her for their sexual pleasure -- that is, after all, the only thing the Office Sissy is good for. Today, though, things are going to be a little bit different...

Getting ready for the office is always the least favourite part of her day, but when she's picked up by an unfamiliar driver Barbie finds that she's going to need to please him before they set off. With a punishment waiting for her if she's late, will she make it to work on time -- and what will she have to do in order to earn her ride?

**This story contains themes of bdsm, femdom, and sissification.**

## Extract

Wednesday's section, firmly in the middle of the wardrobe, was bright pink – bubblegum pink, as Miss Wright chose to remind her as often as possible. With a sigh, Barbie selected a strappy top that was at least two sizes too small for her breasts, and a hot magenta skirt that looked more suitable for a street corner than an office. From the raft of shoes at the foot of her wardrobe, she picked out a pair of clear acrylic stripper shoes with a glittery six-inch heel.

There was no need for anything else. Miss Wright didn't permit her to own underwear, let alone wear it.

She examined herself in the full-length mirror before she got dressed. Her body was quite beautiful, there was no doubt about it; even the piercings had grown on her since they had first been put into place. Her face was a real beauty too, with high cheekbones and bowed red lips, full and plump and ready to be used.

The only thing she didn't like about herself was trapped in a steel cage between her legs, and she hated it with a passion.
