**The Nancy Who Drew: The Memoir That Solved A Mystery** Nancy Wait

**Who hasn't wondered why bad things happen to them? *The Nancy Who Drew* plants a seed of hope that our painful experiences can have a positive outcome when we are willing to see ourselves on more than one level.** *The Nancy Who Drew* is a memoir that solved a mystery. During the course of writing her book, delving deeper into her feelings as well as the events that occurred, Nancy discovered a clue that would completely alter her perception of why things happened the way that they did. This is the story of a shy and dreamy girl growing up in New York City in the 50s and 60s. When she is cruelly betrayed by her mother, Nancy flees to London to realize her dream of studying at RADA and becoming an actress in England. Upon her return home seven years later, disillusioned with acting and eager to start a new life as a painter, her mother confesses that she conceived Nancy "in revenge for World War II." Strangely, this resonates with Nancy, as if she has known it all along. She becomes an artist, exploring her subconscious through drawing and painting. But it isn't until decades later when she begins to write her story that she discovers the meaning of the images. Putting everything together, including childhood drawings of a dead girl and dreams of death, she comes to a new understanding of why she might have "created her reality." By sifting through the clues in her own life, Nancy learns about a girl who was killed by the Nazis exactly six years and six months before the day before she was born. Is this the girl who haunted her dreams in childhood? Is this the girl on her canvas? If it is, then her own life begins to make sense now. Sometimes the only way to make sense of your life is to remember the one that came before. Nancy Wait offers an inspiring memoir about rising from abuse to become her soul's intention. She realizes that she has been given the clues all along. Finally, connecting to a previous death, she comes to know that betrayal is *sacred* when the heart can encompass the whole.
